—IS THAT OF THE—

ECONOMICAL DRUG CO.

AND WITH THE ONE EXCEPTION OF

FERREIN'S PHARMACY, MOSCOW, RUSSIA

THE GREATEST IN THE WORLD

DOING AS MUCH BUSINESS AS

The Six Next Largest Pharmacies in Chicago Combined

THESE ARE FACTS EASILY PROVEN.

There are GOOD REASONS for the Confidence of both Physicians and Their Patients in Our Business Methods.

We are aggressively antagonistic to all and any substitution, down to the minutest particular.

Our Drugs and Chemicals are of the best and purest only; bought, wherever possible, of the manufacturers direct.

Our Stock is always fresh, because of the great volume of business, which enables us to turn it every 60 days.

Our prices are very moderate, based on the cost of the ingredients of a prescription, rather than on the size of the bottle.

We are the only Drug Store distinctly antagonistic to "Patent" Medicines, and sell them only under protest.

Rigid investigation by physicians of our Model Daylight Prescription Department is cordially invited.

A HOME FOR THE MENTAL INVALID.

Between Chicago and Milwaukee on the Northwestern Railroad, facing Lake Michigan.

THE PENNOYER SANITARIUM has for 45 years given satisfactory care to many nervous invalids. All cases of general invalidism will be cared for in the same careful and painstaking manner as in the past. Hereafter a select class of mild mental cases, alcoholic and drug habitues will be received. With the main building and the four outlying cottages a proper separation can always be maintained between the strictly nervous, the mental invalid and the drug habitue. Dr. George F. Adams, recently resigned first sssistant physician at Gowanda State (New York) Hospital, has become joint manager of the Sanitarium.

Both Dr. Pennoyer and Dr. Adams will reside in the Hospital, thus insuring personal attention to patients and constant supervision over all departments.

Any physician interested in a home-like environment for a mental invalid is invited to visit THE PENNOYER.

For illustrated booklet address the Managers,

People's Hospital and Training School

FOR NURSES

This institution is a Private Hospital accessible to all reputable physicians. It is especially adapted to meet the requirements of the wage earners or those dependent upon them.

Private rooms, well ventilated, neatly furnished and supplied with electric bells, can be had at $7.00, $10.00 and $12.00 per week. This includes room, board, general nursing, and general medication.

Patients, when able, are privileged to receive visitors *from 9 A. M. to 10 P. M.*, and in special cases remain in constant attendance.

Relatives or friends can secure *board and room in hospital at moderate rate.*

Patients of all kinds are admitted, except the insane and those suffering with contagious diseases.

There are rooms isolated and furnished with appliances for the reception and care of cases suffering with acute delirium.

Capacity 50 patients.

ALLOUEZ BI-MAGNESIA

DOCTOR:—Your attention is earnestly called to the valuable magnesic-calsic water of the Allouez Spring. It is a natural alkaline diuretic of extraordinary composition and efficacy. Taken regularly it induces healthy stomachic and intestinal action, regulating nutrition and promoting assimilation. ¶ It will be found of the highest service in the treatment of **Dyspepsia, Gastritis, Torpid Liver, Diabetes, Glycosuria, Bright's, Gall Stone and Rheumatism,** being a powerful solvent of the acids and their concretions. ¶ It exerts a decided influence upon mucous discharges and in catarrh of the stomach and bile duct. ¶ *We guarantee favorable results. Test Allouez, Doctor, on a severe case.*

KENILWORTH SANITARIUM

THE Kenilwork Sanitarium is entirely new and was constructed and equipped to supply the demand for a first-class neuropathic and psychopathic hospital, easily accessible to the residents of Chicago and vicinity. ¶ It is situated about half a mile due west of the Kenilworth station (C. & N. W. Ry.), six miles north of Chicago, from which, in addition to steam and trolley cars, it may be reached at all seasons of the year by a good carriage road. ¶ The grounds consist of ten acres lying nearly one and one-half miles from the shore of Lake Michigan and the distance from car lines and other sources of noise is such as to insure practically complete rural quietude. ¶ The accommodations for patients consist of six independent groups of from six to seven large bed rooms, some of which are so constructed as to be impervious to noise, a spacious sitting room and corridor and two bath rooms, one of which in each group is planned to be used en suite when desired. There are also four separate dining rooms. Thus it will be seen that the supreme importance of thorough classification in institutional treatment of the neuroses has been duly recognized. ¶ There is an electric passenger elevator, electric lighting, and a complete system of telephones. ¶ The warming is by steam, both direct and indirect radiation having been provided to each sleeping and sitting room. ¶ Both floors and finish are of hardwood throughout the building and the appointments are all first-class. ¶ Ample provisions have been made for the employment of the most approved diagnostic and therapeutic methods.

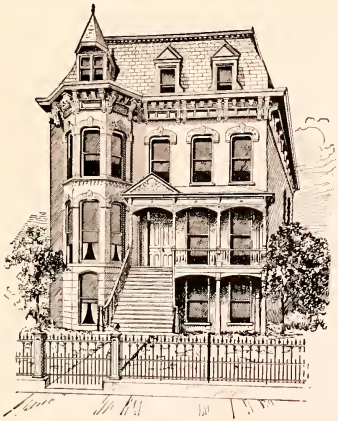
LINCOLN PARK HOSPITAL (INC.)

500 La Salle Avenue, CHICAGO, ILL. **Long Distance Telephone, North 1934.**



Lincoln Park Hospital, located at Five Hundred La Salle Avenue, three blocks south of Lincoln Park, is the finest residence part of the North Side of Chicago, and in its construction, equipment, furnishings and sanitary environment is unexcelled. The building is a four story brick and stone structure, rebuilt for its present use, after years of hospital experience, and has a capacity of fifty beds for patients. The most exacting surgical cleanliness is maintained at all times and throughout all parts of the house. The rooms are newly finished, and the building is completely detached on all sides, giving perfect light and ventilation in every room. A new steam plant has been installed. All floors are hard wood, and there are baths on every floor with modern plumbing throughout. Since being completed, the hospital has been inspected by a large number of professional and non-professional men and women, and their criticisms have been those of approval and approbation. Any physician may bring cases here, have full charge of his patients, and prescribe his own treatment. RATES—Private rooms with general nursing $15, $20, $25, $30, $35 per week. Wards, with general nursing $8, $15 per week. Special nurse, $15 per week. Nurse for cases outside the Hospital, graduates $25 per week. The Hospital has equipped an X-Ray and electro-therapeutical laboratory to aid physicians and surgeons who patronize the Hospital in making or confirming their diagnosis of doubtful cases.

The Largest and Most Thoroughly Equipped of Sanitariums.

The Battle Creek Sanitarium management were the first to organize a thoroughly complete system of physiological therapeutics. Water-cures had existed before—eclectic institutions, mineral springs, and similar establishments—but the Battle Creek institution was the first to organize a system and method embodying all physiological agencies.

Nearly forty years' experience in this institution has demonstrated that the great majority of chronic invalids, of all classes, including many considered incurable, can be trained up to a state of healthful vigor by a systematic regimen, based upon scientific principles, combined with a thorough-going application of the resources of hydrotherapy, phototherapy, thermotherapy, massage, Swedish movements, Swedish gymnastics, electrotherapy, and the open-air treatment, guided by the exact findings of bacteriological, chemical, microscopical, and other accurate methods of examination.

Special ward for surgical cases, with perfect appointments.

For further particulars write for booklet "D C."

THE SANITARIUM, **Battle Creek, Mich.**

THE PATIENT STARVED TO DEATH

Because he could not get food suited to his case. ¶We furnish a large line of ready prepared foods for invalids of every class. These foods are not cheap preparations made simply for commercial exploitation, but are the result of the thirty years' experience and observation of the Battle Creek Sanitarium and are prepared by this company for the use of that great institution and allied establishments in various parts of the world. ¶We have recently organized a mail order department, through which we supply our foods direct to patients in all parts of the United States, fresh from our laboratories, carriage prepaid. ¶For full information, including price-lists and booklets, address

Rush Medical College

In Affiliation with

The University of Chicago

Organized 1837

The acedemic year of Rush Medical College is divided into quarters, corresponding with those recognized at the University of Chicago, beginning respectively the first of July, October, January and April, each continuing for twelve weeks. A recess of one week occurs between the end of each quarter and the beginning of the next.

All of the work of the Freshman and Sophomore years in Anatomy, both gross and microscopic, including Embryology and Neurology, in Physiology, Physiological Chemistry, in Chemistry and Pharmacology, and in Pathology and Bacteriology, is given at the University of Chicago. Elective courses in these branches are offered both at the University and at Rush Medical College, to students of the Junior and Senior classes and to physicians. Aside from these courses, the resources of Rush Medical College with its Laboratories, Dispensaries and Hospitals are devoted to the teaching of the clinical branches.

Rush Medical College

In Affiliation with

The University of Chicago

Organized 1837

The acedemic year of Rush Medical College is divided into quarters, corresponding with those recognized at the University of Chicago, beginning respectively the first of July, October, January and April, each continuing for twelve weeks. A recess of one week occurs between the end of each quarter and the beginning of the next.

All of the work of the Freshman and Sophomore years in Anatomy, both gross and microscopic, including Embryology and Neurology, in Physiology, Physiological Chemistry, in Chemistry and Pharmacology, and in Pathology and Bacteriology, is given at the University of Chicago. Elective courses in these branches are offered both at the University and at Rush Medical College, to students of the Junior and Senior classes and to physicians. Aside from these courses, the resources of Rush Medical College with its Laboratories, Dispensaries and Hospitals are devoted to the teaching of the clinical branches.

CHICAGO MEDICAL SOCIETY FEE TABLE.

Adopted June 20, 1892.

Intended to guide rather than govern members in making charges for services rendered to patients in average circumstances, under ordinary conditions.

The minimum and maximum figures have reference to the degree of responsibility and the time consumed in a given case, rather than to the pecuniary circumstances of the patient, which will often call for a lower charge, or may justify a higher one than is indicated in this table.

The fees here given for operations do not include after attendence.

Avene Natural Medicinal Water

Bottled in Vacuum at Avene-Les-Bains, Herault, France.

"From the Spring of Nature Flows the Remedy of Nature."

This fact has been highly demonstrated in the United States and abroad by the Avene Natural Medicinal Water, which has never failed to cure all cases of **Skin Diseases, Catarrhal Diseases of Mucus Membranes, Stomach, Bowel, Liver and Kidney Troubles, Rheumatism, Anaemia, Nervous Exhaustion,** and all diseases resulting from malnutrition. It needs but a trial to be convinced of the merits of this remarkable water.
